Indiana Bureau of Motor Vehicles

**Indiana Clerks
Conference
June 9, 2010**

Indiana Bureau of Motor Vehicles

BMV Emphasis on Security

- Security
  - Evolution of BMV credential as most widely used ID document.
  - Lack of identity verification in the past.
  - 9/11 Commission Report.
  - Real ID Act.

Indiana Bureau of Motor Vehicles

9/11 Commission Recommendations

- 9/11 Commission Report (pg. 390)
  - "Secure identification should begin in United States."
  - Fraud in ID documents no longer just a problem of theft.
  - Sources of ID are the last opportunity to ensure that people are who they say they are.

Indiana Bureau of Motor Vehicles

SecureID
BMV Protecting Your Identity

BMV's approach to protect Hoosiers' identity and reduce fraud

Indiana Bureau of Motor Vehicles

SecureID

- SecureID confirms that "you are who you say you are" by requiring documents proving your:
  - Identity (birth certificate or passport)
  - Legal status (immigration documents)
  - Social Security number
  - Indiana residency (two documents)

SecureID

- SecureID processes include:

  - Online Social Security verification.

  - Online legal status verification.

  - Facial recognition technology.

  - Central issuance of driver's licenses and ID cards.

Indiana Bureau of Motor Vehicles

SecureID update

- Hoosiers renewing driver's license or ID card have option of getting SecureID.

- Over 500,000 credentials issued in 2010.
  - 38% are SecureID.
 - All processed through Central Issuance.

Indiana Bureau of Motor Vehicles

BMV Credentials & Elections

- Primary Day 5/4/10

  - Letter/flyer sent to all clerks explaining new document requirements.

  - BMV created special phone number to answer questions on Election Day.

  - BMV received only one call about the interim/extension documents.

Indiana Bureau of Motor Vehicles

Proposed Additional Security

- Reinstatement Centers will not accept documents delivered by customer.
- SR-16 court forms must be submitted by the courts directly to the BMV.
    - CATS system
    - Fax
    - Mail
- Developing plan for immediate error corrections.
- Implementation date – TBA.
